

CHAPTER FOURTEEN

Your Consciousness is Your Faith

1. The entire Universe is nothing but pure God Energy . . . vibrating, thinking, knowing . . . omnipresent, omniscient, omnipotent. And within this Divine Radiance is the attribute of Absolute Faith . . . total belief, total confidence, total trust, total certainty, total conviction in Itself.

2. As this Infinite Presence and Power of Absolute Fidelity expresses *as* you, as It brings the whole thrust of the Universe into individualization, It also brings with It the incredible Energy of Faith to serve as one of your Divine Powers. This Power is the very foundation of your Soul—the energy of your consciousness.

3. Faith *is* your consciousness. You think, feel, speak and act according to your consciousness, according to your faith. Faith is the substance (the creative energy) of things hoped for, the evidence of things unseen, therefore, your consciousness is that which stands under and supports (the substance of) that which you are experiencing in your world. Your consciousness is the *present* evidence of what you will experience in your life as your thoughts and emotions are externalized.

4. If your consciousness is filled with fear and anxiety, that is where your faith is. You are putting your faith in the possibility and probability of misfortune, lack and limitation. Your consciousness, which is your faith, your substance, must by law act upon itself. Thus, you, as Creative Energy, will create in your world exactly those conditions you fear (have faith in).

5. Everything in your life is vibrating according to a certain pitch and frequency. Your body, home, car, clothes, job, relationships, and money are all energy in motion—all vibrating in absolute exactness to the vibration of your consciousness. Your faith vibration attracts that which you have and experience in this world because *like must attract like!* Where is your faith? Look around you. If your faith is in an all-sufficiency, then so it is in your life. If your faith is pulsating to a “just getting by” frequency, then so it is in your world. If your faith is on the dial-set of insufficiency, then there will never be enough to meet your needs. Your world simply reflects your faith.

6. The faculty of *Divine* Faith (Faith Energy pulsating according to its divine vibration) may represent only a tiny particle of light within your lower mind at the present time. But Jesus said that if your faith was no larger than a grain of mustard seed (or just a faint glow of light), you could level a mountain. Now Jesus didn't kid around. When he made a statement, you could bet your life on it. But then we ask: “What about that mountain of debt, this peak of despair in my relationships, that volcano that has erupted in my body, those rising fears regarding my career?” Could the answer be that you have not recognized this Power Center as being an integral part of your individualized cosmic system? Could it simply be that you are not *aware* that you have this inexhaustible Power right at your disposal?

7. Perhaps you have not been aware of the Energy of Faith, yet you have been using it. You may not have known that you had this Power, but all the time it's been the basic ingredient in all your creative activities—and many of those creations have been of a negative nature. You have created illness

through the energy of faith—faith in drafts, weather, heredity, germs, viruses, old age, decay and disease. And through your power of faith you have created lack and limitation—faith in the economy, in money as your supply, in the intentions of others, in your own scheming and manipulating. You are not alone. We have all created a world of illusion with our faith. Everytime we say that we are afraid of something, we are putting our faith in that something. What we feared most comes upon us because our faith brings it to us. If we believe that anything negative can happen in our lives, then we are vulnerable to it. If we believe in the possibility of accidents, disease, failure, or suffering of any kind, we are lowering the rate of our faith vibration and sending out negative energy to attract misfortune into our lives.

8. When we become aware of our Power of Faith, the energy from that Center begins to work for us according to the Divine Standard, the original High Vibration. Think of it this way: If you *do not know* that you have a certain attribute, a specific power, then your activities and decisions are based on a power outside of you. Through this belief in an outside power, you are actually transferring (giving up) a God-given power that you didn't even know you had—and you are giving it to the so-called “outside forces.” These forces then become the master and you become the servant. However, when you begin to recognize that you have an incredible Power Center within your consciousness—one that represents the very Power of God—then you are calling forth the pure form of that energy to be used in transforming your life.

Spiritual Activity

Let's do something about that faith energy that you have been using in negative ways. Say to yourself, aloud and then silently with great feeling: **I am the Power of Faith!** Let that idea roll around in your mind for a few minutes and seep down into your emotional nature. Feel its vibration as your entire energy field begins to strengthen, firm up, become substantial (filled with substance).

Now slowly contemplate these statements:

I believe there is NOTHING God cannot do. I believe there is nothing God cannot do THROUGH me. I believe there is nothing God cannot do AS me. God is my Self, therefore there is nothing that I cannot do. Nothing is too good for God, and nothing is too good for me!

The pure energy of Faith is now flooding your consciousness, transmuting the negative frequencies and restoring your soul to the spiritual vibration. And with this kind of consciousness, you can subdue kingdoms, bring forth righteousness, stop the mouths of lions, quench the violence of fire, and escape the edge of the sword. (See Heb. II, 11:33-34).

The Faith Power is located in the upper part of your energy field corresponding to the center of your physical brain. Accordingly, you use your thinking mind to first contact this Power. See it with your inner vision as being half-way between your eyes and the back of your head, as a small circle of light. As you bring the light into your awareness and begin to focus on it, notice what happens. It begins to intensify, first radiating upward to fill the head and continuing to move up until the entire upper part of your energy field is bathed in brilliant light. Then the light begins to project outward to each side of your energy field, reaching to the outer limits. Now it moves downward until it fills your entire field of consciousness with pulsating energy. Practice this exercise, knowing that as the light radiates from its center position, you are watching pure God Energy move through your mental, emotional and physical systems . . . purifying, transmuting and saturating your being with the High Vibration of Faith.

Following this exercise, bring your point of contact with the Faith Energy to your heart center by feeling the very core of this Power right in your heart. Feel the vibration, and speak these words aloud and then silently:

I love the Faith I AM with all my heart, and I now draw

forth the omnipotence of this incredible Energy and command it to fill my feeling nature with its Power. Come forth, my Faith! Saturate my emotions with total trust, total certainty, total conviction in myself as a Being of God. I AM Substance. I AM Creative Energy. I AM God being me now. Through the pure Energy of Faith, I feel this Truth!

Now bring your point of contact with the Faith Energy up to your throat center, and feel that new strength in your throat. Speak these words aloud and then silently with great feeling:

Through the Power of Faith, I speak the word and it shall not return unto me void. I AM omnipotence made manifest on earth. I AM unlimited. I have the Power, and I use the Power rightly and wisely and lovingly in the name of Almighty God.

Let your point of contact with the Faith Energy now be between your brows, and speak these words aloud and then silently with great concentration:

I AM a master mind, created in the image of God, and I dedicate my mind to the service of God and to all God-Kind everywhere. My mind is power-full, filled-full with the Energy of Faith, and there is nothing that I cannot do.

Move your vision up to just above the top of your head, and speak these words aloud and then silently with great reverence:

I place my Faith in the Reality I AM, the very Christ of God. I now let my world reflect the Divine Activity of love, life and abundance, for my Faith has made me whole.

Work with the Power of Faith daily, knowing that this awesome force will penetrate into the depths of consciousness

THE PLANETARY COMMISSION

and burn away all error thoughts and negative beliefs. It is the rock upon which you shall build the foundation for a full, glorious and lasting spiritual consciousness. It is indeed the key to mastery!
